Kratak sadržaj:

Smeće i opasni otpad svuda su oko nas. Uz ogroman pritisak ekološke zadruge i protest građana, opštinske vlasti uspijevaju ukloniti veliku deponiju starih lijekova. Kakvo je stanje smetlišta, rijeka, livada i šuma u Bosni i Hercegovini? Šta kažu naučnici i obični ljudi? Kakva je sudbina Zemlje? Pogrešan krug?

Programme summary:

Garbage and hazardous waste are all around us. Under enormous pressure of environmental association and due to protests of citizens, the municipal authorities succeed in removing a large old medicine dump. What is the situation regarding dumps, rivers, meadows and forests in Bosnia-Herzegovina? What to experts and ordinary people say? What is the fate of the Earth? The fatal circle?
